

BAYS RELAY TURKEY TROT 2016

It was not a nice day!

Not too windy, but we started in steady drizzle, which threw in some heavy rain showers just to tease us. However we were quietly gratified to see the heavier stuff approaching from the south, just as the runners preparing for the next race and claiming that they could glimpse blue sky to the north. Huh! They had it worse!

There were 10 walkers, which was considerably fewer than in previous years.

The quality of time estimates was pretty good, with the top 3 being 1, 2 and 3 seconds off their estimated times for the 5 km.

Fastest time went to Terri Grimmett with 32: 11.
